1 ASK

Questions to ask your kids:

- Who is powerful? [God is!]
- Who created the sun? [God did!]
- What can God do? [God can do everything!]

2 GAME

Go outside with your kids when the sun is shining. Let them feel how warm the sun is and let them see how bright the sun is. Take turns pointing out all the different things that you can see in your yard/neighborhood that God created.

Challenge – start with the letter A in the alphabet and have kids name things they can see with each letter of the alphabet. If kids can't see anything, they can name any object that begins with that letter.

3 QUICK CRAFT

Take a paper plate and use colored paper, construction paper, paints, markers, crayons, or anything else you have around the house to make the plate look like a sun.

4 MUSIC

Watch The Go Fish Guys Video "My God."
Sing along and do the motions!
