### DISCUSSION QUESTIONS

1. VJ's mom did not want him to go on the Brain Scrambler because it wasn't safe. VJ was sad because he was worried that everyone would think he was a "big baby." Why do you think VJ cared more about what other people thought than what was best for him? Do you spend too much time caring about what other people think of you?
2. VJ's friends said that "it all happened so fast" and that by the time they were on the ride they didn't know what happened. How do you think VJ and his friends could have avoided being sucked in by temptation in the first place?
3. VJ told his dad that he got on the ride because "everyone else was doing it." Do you have trouble obeying your parents or teachers when the people around you seem to be having fun without you? Why is it so hard to be obedient when you REALLY want to do something you're told not to do?
4. God has given us commandments in the Bible. Why do you think He has made rules for us to follow?

### CALL TO ACTION

The first commandment that God gives us in Exodus is to only worship Him because He is the one true God!

Think about all the things you enjoy. Do you spend more time worshipping those things or worshipping God? God doesn't want (or deserve) to take a backseat to the gods we make for ourselves.

This week choose one thing you usually spend a lot of time doing and decide to replace it by reading your Bible. God deserves your time and your heart!
